OVERSEAS REGULATORY ANNOUNCEMENT

Power Generation and On-grid Tariff for the First Quarter of 2022

This announcement is made pursuant to Rule 13.10B of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

As at 31 March 2022, the total amount of power generated by Huadian Power International Corporation Limited* (the “**Company**”) and its subsidiaries (the “**Group**”) calculated on the basis of the consolidated financial statements of the Group according to the China Accounting Standards for Business Enterprises for the first quarter of the year 2022 was 56.08 million MWh, representing an decrease of approximately 10.62% as compared with that for the same period of last year after restatement; and the total amount of on-grid electricity sold was 52.47 million MWh, representing an decrease of approximately 10.87% as compared with that for the same period of last year after restatement. The year-on-year decrease in power generation and on-grid electricity sold was mainly attributable to the assets disposal carried out by the Group in 2021 and thus Huadian Ningxia Lingwu Power Generation Co., Ltd. and the wind and photovoltaic assets are no longer included in the Group’s consolidated financial statements in 2022. Excluding the impact of assets disposal factors, the amount of power generated and the on-grid electricity sold of the Group would increase by 2.09% and 1.98%, respectively, as compared with that calculated on the same basis. The market based electricity sold by the Group for the first quarter of the year 2022 was approximately 45.00 million MWh, with a ratio of 85.75% comparing to the corresponding total on-grid electricity sold. The

average tariff of on-grid electricity sold by the Group for the first quarter of the year 2022 was RMB 515.93 per MWh.

The table below shows the amount of power generated and the on-grid electricity sold during the first quarter of the year 2022 by each of the main generating units of the Group currently:

| Type | Name of power plant/company | Power generated from January to March 2022 (Million MWh) | On-grid electricity sold from January to March 2022 (Million MWh) |
|---|--|--|---|
| Thermal Power | Zouxian Plant | 3.07 | 2.83 |
| | Shiliquan Plant | 2.33 | 2.16 |
| | Laicheng Plant | 1.32 | 1.21 |
| | Huadian Zouxian Power Generation Company Limited | 1.74 | 1.61 |
| | Huadian Laizhou Power Generation Company Limited | 4.58 | 4.37 |
| | Huadian Weifang Power Generation Company Limited | 2.24 | 2.11 |
